Description

Provide a short description of the event and its activities.

The focus group discussion followed the methodology of the project partners. The participants met in IDM on 3 December and took part in the moderated focus groups discussions that lasted 2 hours. They worked on the following issues: 1) Attitudes towards democracy (national and European level), 2) Attitudes towards representation (national and European level), 3) Attitudes towards the EU's future. The focus group was organized on the side-lines of IDM's flagship annual event for young people called 8th Young Scholars Forum on Central and South-Eastern Europe 2022. It was titled "In times of insecurity – unifying regional perspectives for safeguarding European future". This allowed for having a better impact and visibility of the EUact2 project.
