2 PREDMET ZÁKAZKY

2.1 The main goal is to build an automated system that would geographically map the spreading of online disinformation. The system should implement the following main functionalities and outputs:

- a) constantly updated list of disinformation/information operation sites based on a pre-defined list of criteria;

- b) live interactive map of (dis)information landscape in 8 countries, portraying links and interconnections between specified information channels and disinformation outlets and the most widespread disinformation narratives;
 - c) an early warning mechanism based on identified sources, trends and narratives, including an alert system for selected recipients.
- 2.2 The whole specification of the subject matter of the Tender is detailed in Part B. Supply Requirements and Technical Specification of the Tender Document.

3 LANGUAGE

- 3.1 The language of the Tender is English language. All tenders, as well as all correspondence and communication shall be in English language. For further information please see the Tender Document.

4 DEADLINE FOR SUBMISSION OF TENDER AND VALIDITY PERIOD

- 4.1 The deadline for tender submission is: **15.07.2019, 13:00 hod (CET)**.
- 4.2 Tenders shall remain valid until 30.09.2019. The Purchaser reserves the right to extend this period if necessary.

5 QUALIFICATION CRITERIA

- 5.1 Each tenderer shall meet the qualification criteria based on the tenderer's technical and personnel eligibility.
- 5.2 Detailed description of Qualification Criteria is indicated in Part C. Qualification Criteria of the Tender Document.

6 EVALUATION CRITERIA

- 6.1 Evaluation of the Tenders shall be based on following criteria:
 - a) Best Technical Proposal (50 %); and
 - b) Lowest Price (50 %).
- 6.2 Detailed description of Evaluation Criteria is indicated in Part D. Award Criteria of the Tender Document.
