Belief in conspiracy theories

In Romania - just as in the entire region - the tendency of believing in conspiracies or alternative information is creating avenues for influence through disinformation and propaganda.

- 51% believe that the world affairs are decided by secret groups aiming to establish a totalitarian world order.
- 32% believe that Jews have too much power and secretly control governments and institutions around the world.
- 45% believe that the regime change back in 1989 was orchestrated by Western powers.

71% of those who are dissatisfied with how democracy works in Romania believe this conspiracy.
