

Czechs and Vaccination Against Covid-19

66% of the respondents plan to get vaccinated against Covid-19 or have already been vaccinated (data collected in March 2021).

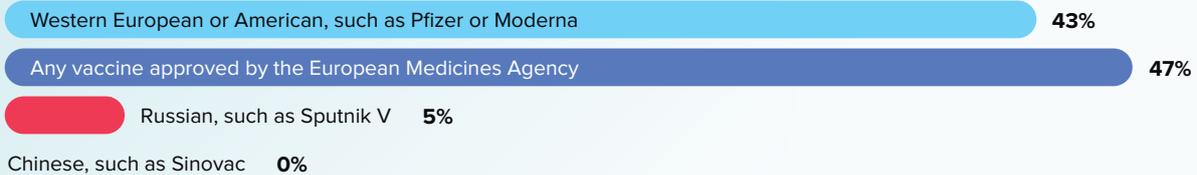

Most Czechs want to get vaccinated against Covid-19, and they care about which vaccine they get.

- Planning to get vaccinated or already vaccinated (March 2021)
- Not planning to get vaccinated
- Don't know

If you had a choice, which vaccine from the following would you prefer?

43% of those interested in getting vaccinated insist solely on vaccines made in by Western companies 47% are willing to receive any vaccine certified by the European Medicines Agency; and 5% of the respondents prefer the Russian vaccine, Sputnik V.

Geopolitical Position of the Czech Republic

58% of the respondents claim that their country is situated between the West and the East.

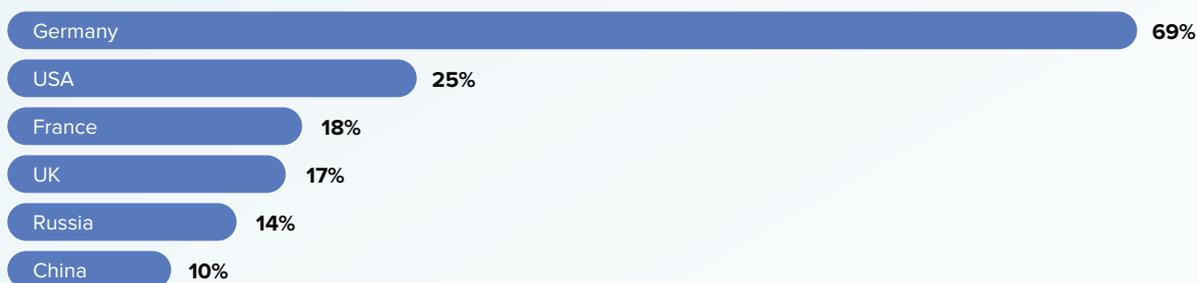

There has recently been much discussion in our society about the geopolitical and civilisational positioning of your country. Would you like your country to be a part of the West, a part of the East, or somewhere in between?

Czechs do not perceive themselves as part of the West, but, at the same time, feel that their allies are there.

Which of the following countries are most important strategic partners of your country today? (pick max.2)

When choosing the top two strategic partners for the Czech Republic, 69% of the respondents chose Germany and 25% chose the United States. Russia was mentioned by 14% of the respondents and China by 10%.

Czechs and China

68% of the respondents thought that the EU should remain neutral in a potential confrontation between China and the United States

If there is an increased confrontation between the US and China where should the EU position itself?

Most responding Czechs perceived China negatively but, at the same time, did not want to get into a conflict with this country.
